Reliable, Easy-To-Use and Waterproof

Tough and reliable

Take it with you everywhere: it's dustproof, waterproof to 10m, cold resistant to -10°C and shockproof to 1.5m. Be adventurous with a camera that can take the knocks.

13.2 effective megapixels

With a CMOS sensor that makes the most of its megapixels, clear photos with sharp details are guaranteed – ideal for enlargements you'll want to frame or turn into posters.

Adult and child menus

Variety menu defaults to an easy child menu and it's simple to switch to an adult menu. There's no need for a special children's camera – this one's for all the family!

Full HD movies

Film the fun wherever you go with smooth Full HD movie recording (1080/30p) and stereo sound. Start filming at a moment's notice with a dedicated movie record button.

Underwater face framing

Shoot underwater portraits without getting in the water! Face framing technology automatically detects faces and releases the shutter, so you can snap portraits and stay dry.
