

NIKKOR Z

DX 16-50mm f/3.5-6.3 VR
Silver Edition

DAILY ADVENTURES.
NOW IN SILVER.

This silver edition of our fast-focusing wide-angle DX zoom doesn't just make a superb walkaround lens—it also makes a statement. The silver coating matches the silver on the Z fc camera, for a look that can go anywhere. Capture brilliant photos and videos, in style.

FEATURES

DX MIRRORLESS. ULTRA-PORTABLE WIDE-ANGLE ZOOM LENS.

The wide Nikon Z mount lets this lens capture wide-angle to portrait views with more detail, depth, and colour. Focusing is fast, accurate, and virtually silent.

INSIDE SCENES

The wide end of the zoom range is tailor-made for shooting in cramped spaces. A minimum focus distance of just 0.2 m lets you focus sharply on close-up details.

CANDID MOMENTS

From bold expressions to fleeting gestures, you'll capture brilliant detail even when you shoot in low light. Bokeh is smooth, for beautifully blurred backgrounds.

MOVIES TO LOVE

This mirrorless lens lets you move from scene-setting wide shots to close-ups with ease. You'll capture 4K footage that's sharp and steady, even if you're filming while walking.

RIGHT HERE. RIGHT NOW.

In-lens Vibration Reduction lets you shoot at shutter speeds up to 4.5 stops slower than otherwise possible.¹ You can capture clearer photos as daylight fades, or film without the unwanted effects of camera shake.

TAKE CONTROL

The silent control ring can be used for key functions including manual focus, aperture control (great for fading in or out during video recording), or exposure compensation.

LENS IN YOUR POCKET

This NIKKOR Z wide-angle zoom lens weighs just 135 grams and is flat as a pancake when retracted. It locks in place when retracted and unlocks instantly when you rotate the zoom ring.

¹ Based on CIPA standards

NIKKOR Z DX 16-50mm f/3.5-6.3 VR Silver Edition

INCLUDED ACCESSORIES

FRONT LENS CAP LC-46B

REAR LENS CAP LF-N1
